

Services Available

Interlibrary Loans:

Looking for a special book? If we do not have the book you are looking for, we have interlibrary loan capabilities throughout the Pacific Northwest. It usually takes one to two weeks to receive the books. Contact the Library for more information.

Schools:

The Library supports the efforts of the local schools, and provides all materials and services available to the students and staff, free of charge. As with home delivery, classes or teachers with special needs can contact the Library for assistance.

Internet Access:

The Murielle Wilson Information Center is available to all patrons and guests of the Library. The Center includes high speed internet access and word processing.

Home Delivery:

If a patron has difficulty getting to the Library, the Library has limited home delivery. If you know of someone with special needs, contact the library, we will do what we can to help.

Videos:

Tired of paying so much to rent a movie? The Library has a growing collection of great movies on DVD that can be checked out for two weeks, just as all other materials. Remember, all patrons must have a current library card.
